#3 CSA TERMS

By becoming a member of We Grow LLC: I agree to share in the bounty as well as the limitations that weather conditions dictate. I agree to read the weekly information included in my share. I understand that if I can't pick up my share (or arrange to have someone else pick up) during the designated times, my share for the week will be retained by the farm. If you can not finish the season, you may reassign your share to another household. We do not issue refunds or credits. I agree to pay \$12 each for any CSA crate not returned the following week. The share season will be 18-20 weeks long.
